

The Felting Needle further Fantasies Ayala Talpai \$27.95 [950-739](#)

If you have a basic idea of how felt is made from wool (all the fussy wet stuff to do, and a dash of uncertainty), then these new projects from the major proponent of this newly adopted technique will inspire your first forays. A special industrial felting needle and some dyed wool is the start, some practice from the workbook, and then your own real felted soft sculptures for your own projects.
