

Creative Kumihimo Jacqui Carey \$43.95 950-219

The key word to this book is "creative." Clear presentation of the basic information for braiding leads the braider to a new "creative" development. Most books give the braider a structure and several color set-ups for braid variety. This author presents a braid structure not only in movement diagrams, but also a structure diagram that can be used to develop a color arrangement and the color set-up. There are some new 16 bobbin structures and a multitude of variations. Many finishes, bead appliqué, and color gallery round out this important braiding book
