

Round the Twist Jacqui Carey \$22.00 [950-972](#)

Decorative cordings can add such a rich finishing touch to so many projects. I don't believe a limit has yet been found to their usefulness. Unfortunately, cording is often expensive, even prohibitive in cost, especially if you need any great length. I think this book has the answer. It gave me the know-how for making my own unique cordings, and included pictures of several samples so I could see the effects of combining some of the many novelty threads and yarns. This book has given me the freedom to make cordings to coordinate with any color/texture combination that I choose.
