

Beading with Peyote Stitch

Jeannette Cook & Vicki Star

One of the most informative books on Peyote Stitch I have yet to come across complete with step by step color illustrations and easy to follow instructions. Includes ten exciting projects to get wet your appetite, from the basic flat stitch to creative three dimensional along with a gallery of over fifty inspiring works to push your imagination. I found the authors tips throughout the book to be very helpful, especially on using floor wax to add body to floppy pieces.
