Temari is an ancient and beautiful Japanese craft using thread or floss wound intricately around a ball, creating rich motifs. The reader will learn how to make the beautiful dragon knot and work on designs with names such as Spider Web Dewdrops, Crystal Star, and Flaming Pearl. Completed projects are illustrated in color photos and directions are scrupulously spelled out alongside meticulous drawings to guide you through each project. This is the third book in a series by Vandervoort, with nine intermediate patterns. The completed balls are amazing achievements.
