I once took an advanced spinning workshop with the author of this book. So much information was passed on by her that even now, several years later, I wonder at the casual way she did this. She just gave us some roving, some fleece, showed us a few of the vast variety of ethnic drop spindles and whorls, gave us some techniques for spinning exactly the yarn needed for various projects, and talked and helped and gave us new ways of thinking about our spinning. Her book on ethnic socks was due out at anytime then. It is a great sock book. Now we have her book on non-spinning-wheel spinning. So jump in and spin. Priscilla will guide you well.
