

Handwoven Rugs Mary Atwater \$14.95 950-135

This monograph on rugs, which gives you considered, but biased opinions, much information, tersely stated, to get you started in a variety of techniques -- traditional, yet to be interpreted at will. The finishes are interesting, too -- neolithic and sword point ties, for example. Much information on 28 pages with many of Mary Atwater's readily recognizable drawings.
