Make or buy yourself a set of "cards," read this book, and you are ready to have some fun. The author gives a brief history of card weaving and provides clear detailed instructions for preparing a warp, setting up the cards, making a drawdown, and the weaving itself. The book includes drafts and instructions for 53 patterns, each one of which is photographed. Included are a large number of very pretty designs and some novelty ones of Santa Claus, cowboys, pumpkins, and jack-o-lanterns.
