

Rattan Work:Complete Diagrams

Masako Maki \$23.50 950-233

Basket weaving is fascinating, for it is worked with your hands and simple tools. As is true for any handicraft, it is not learning theory but practicing it that makes a piece of work. Try to make something by yourself. Start as soon as you have soaked the rattan. This book is written for beginners using step-by-step instructions shown in the diagrams. Following instructions, anybody can finish the work without difficulty. If you continue to practice, you will be able to understand rattan and be a master of basketry soon.
