

Barbara Abbey's Knitting Lace Barbara Abbey \$28.00 950-162

Barbara Abbey makes knitted lace easy! These laces are knitted on 2 needles. The author collected these patterns prior to 1915 and worked with them finding better cast-ons and invented a miter to improve the looks of a corner. What's more, she didn't like wordy text, so she came up with symbols and abbreviations. This long out-of-print book belongs in your library, even if you don't think you're a lace knitter. One look and this book will convert you!
