

Charted knitting designs Barbara Walker \$46.95 950-122

A fabulous collection of knitting patterns in which the author gives examples of some new techniques she has developed. There are 350 designs with a photo and directions for each. Using charted designs seems to have given her an added freedom in design potential that is virtually limitless in its variations. Examples of textures, cables, lace and delightful little animal figures abound. There is a chapter on mosaic patterns. Profusely illustrated.
