

Brilliant Knits Brandon Mably \$34.95 950-628

The story of how the author walked into the Kaffe Fassett studio ten years ago to "make some order" of the artist's design work and schedule and how he grew into a co-worker and knit instructor all without any previous design training or experience is a fascinating one. The proof of his success is this collection of garments all of which reflect his personal "take" on Fassett's mastery of color. Though one might argue that his oversize garments might be a trifle too "over" still there's the wonderful color to carry the design. Some garments are a single size, others are three or four sizes. Color photos of garment, some details; black and white charts.
